

Date: 04/03/2014

To: National Forestry Service

From: Mormon-Trail.com and the High Desert Community of Petitioners

Subject: Baldy Mesa OHV Project Petitions.

To all concerned,

Along with the electronic petitioners we would like for you to receive hand signed petitioners from the High Desert Community. This should be included this in the Public Comments. The petition reads:

Citizens Against More OHV Trails in Baldy Mesa

The undersigned oppose the proposed expansion and enhancement of the Baldy Mesa OHV Trails. Many citizens of Phelan, Ca and the High Desert have noticed over the years increased motorcycle activity and OHV illegal activity on the "User Created" trails right behind their town. The USFS needs to stop legitimizing these trails and NOT expand them, rather enforce the law on trails already in existence. The proposal completely lacks any plan to limit the illegal use/entry/exit by OHV's from private properties from the town of Phelan Ca.

Thank you,

Mormon-Trail.com

High Desert Community of Signed Petitioners

Help Preserve the Historical Trails

Citizens AGAINST More OHV Trails in Baldy Mesa

WIKI

The undersigned oppose the proposed expansion and enhancement of the Baldy Mesa OHV Trails. Many citizens of Phelan have noticed over the years increased motorcycle activity and OHV illegal activity on "user created" trails right behind their town. The USFS needs to stop legitimizing these trails and NOT expand them, rather enforce the law on trails already in existence. The proposal completely lacks any plan to limit the illegal use/entry/exit by OHVs from private properties from the town of Phelan.

Please return these petitions in a manila envelope to the following address: Baldy Mesa OHV Trails and Staging Area, Attn: Tom Hall, San Bernardino National Forest, 602 S. Tippecanoe Ave., San Bernardino, CA 92408.

Project # 13475

Help Preserve the Historical Trails

Citizens AGAINST More OHV Trails in Baldy Mesa

WIKIA

Patrick Maxley - 2006

The undersigned oppose the proposed expansion and enhancement of the Baldy Mesa OHV Trails. Many citizens of Phelan have noticed over the years increased motorcycle activity and OHV illegal activity on "user created" trails right behind their town. The USFS needs to stop legitimizing these trails and NOT expand them, rather enforce the law on trails already in existence. The proposal completely lacks any plan to limit the illegal use/entry/exit by OHVs from private properties from the town of Phelan.

Please return these petitions in a manila envelope to the following address: Baldy Mesa OHV Trails and Staging Area, Attn: Tom Hall, San Bernardino National Forest, 602 S. Tippecanoe Ave., San Bernardino, CA 92408. Project # 13475

Thank you.
